IoT International Innovation Conference 2017 (I3C'17) Call for Workshop Proposals

IoT International Innovation Conference 2017 will be hosting a series of workshops and invites the submission of proposals. They should emphasize on current topics relevant to the IoT community on the latest research, engineering, standards and business issues and should include a mix of regular and invited presentations with a specific emphasis of engaging with the participants beyond presentations. Workshops should complement the regular program with new and emerging topics of interest.

Please address any questions to Workshop Co-Chairs M. Bala Krishna (m.bala.krishna@ieee.org) and Soumya Kanti Datta (soumya-kanti.datta@eurecom.fr).

Each proposal must include the following and should be maximum five pages:

- Title
- Abstract
- Scope
- Intended audience
- Objective
- Prior history (if any)
- An outline of advertising plan
- Brief bio of the organizers
- Any other relevant information
- No. of expected paper presentations and participants

Workshops must implement IEEE academic best practices regarding peer reviews and paper publication. Accepted and presented papers will be added to IEEE Xplore and the conference proceedings.

The proposal must be submitted through EDAS system at - <https://www.edas.info/newPaper.php?c=23181> using the appropriate option.

Important Dates:

Proposals due:	April 15, 2017
